

## Announcing the 2022 Sabita CEO Merit Award for HSE

Sandra is a successful ESG Manager for the Raubex Group with a strong background in finance. She has shown consistent growth in her HSE role within the bituminous products industry and is recognized as a mentor for SACPCMP, displaying a heart and understanding for her people. Sandra invests in her own career by attending training courses and

workshops to further her knowledge. She strongly believes that safety is not just a job, but a lifestyle and leads by example. Her efforts have led to a steady decrease in the Incident Frequency Rates and a reduction in insurance claims and sick leave, resulting in substantial rebates from FEM. Sandra's passion for promoting behavior change in the workplace has earned her the nickname "Mama Sandra" from workers, and her dedication and hard work are an inspiration to others. Overall, she is a very worthy candidate for the Sabita HSE CEO Merit Award
