

Bitsafe Train-the-Trainer

31 Aug – 02 Sept 2021

Online (via ZOOM)

Register NOW

The safe handling of liquid bitumen remains a priority within the bituminous products industry. Sabita has, through its Health and Safety Focal Point, developed several tools to assist industry to become more compliant with current Health and Safety legislation. One of these tools, the BitSafe Train-the-Trainer course, has been very favourably received since its introduction and continues to create an awareness of the risks associated with bituminous products. In line with current COVID-19 safety measures we are offering this 3-day course via the ZOOM online platform.

The cost for Sabita members is R6900/non-members R7900 (incl VAT)

The BitSafe course is divided into 13 Modules and covers the following topics:

Module 1 - Understanding your Industry

Module 2 (a) – Hazards General

Module 2 (b) – Hazards – Fire Prevention

Module 3 – Health and Safety Awareness

Module 4 – Reducing the Risk

Module 5 – Treatment of Bitumen Burns

Module 6 – Our Environment

Module 7 - Loading of liquid bitumen

Module 8 – Transport of Bitumen

Module 9 – Sampling and Testing

Module 10 - Storage

Module 11 - Disposal of Bituminous Waste

Module 12 –Application of Bituminous Bind

Module - Supplement on COVID-19

Reviews: “excellent course; facilitator very knowledgeable; can’t wait to put it into practice; the interaction between the delegates was superb; enjoyed the discussions!”

The course material will give delegates a broad overview of the bituminous industry but will focus on the **safety aspects of each activity** related to the handling of bituminous binders with the associated hazards and risks thereof.

This is a Train-the-Trainer course and aimed at individuals with some experience in the bituminous industry. On completion of the three-day training, you will receive a Certificate of Competence valid for 3 years*

Kindly complete the registration form and return to us for processing. On receipt of payment a ZOOM link will be sent.

We require all delegates to have access to the ZOOM online platform and ensure they have **sufficient data** to cover the full duration of the course.

The cost for Sabita members is R6900/non-members R7900 (incl VAT)

This is the second training session for 2021 and you are encouraged to register as soon as possible. The training material consists of a lecturer’s guide, trainee notes, and is complemented by videos and A1 laminated posters to reinforce the core safety message.

This is the ONLY bituminous products safe handling course of its kind in South Africa.

Apply now.
